More about
Amway Home™ products.

Cleaning power you can trust.

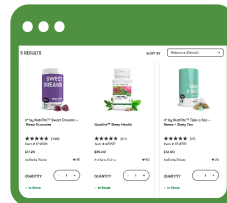

You deserve to know that what you're bringing into your home is safe for your family. Amway has spent the last 60 years researching and developing how to make products that are safe and effective.

DON'T JUST TAKE OUR WORD FOR IT!

Amway Home™ products have the Safer Choice label, letting you know the ingredients used are safer for you, your family, your pets and the environment. When you choose a product recognized by the U.S. EPA's Safer Choice program, you are choosing a product that's not only safer, but it works.*

CLICK & EXPLORE

Learn more about the U.S. EPA's Safer Choice Program.

*EPA U.S./Safer Choice recognition does not constitute endorsement of this product. The Safer Choice label signifies that the formula for this product, as Amway has represented it to the EPA U.S., contains ingredients with more positive health and environmental characteristics than conventional products. EPA U.S./Safer Choice relies solely on Amway, its integrity and good faith, for information on the composition, ingredients, and attributes of this product. EPA U.S./Safer Choice has not independently identified, i.e., via chemical analysis, the ingredients in the product formula, nor evaluated any of Amway's non-ingredient claims. EPA U.S./Safer Choice provides its evaluation only as to the environmental and human health characteristics of the product, based on currently available information and scientific understanding.

A cleaner for every surface.

Power up your cleaning routine with safe, high-performing formulas that get the job done right.

COCONUT, ALOE VERA AND ORANGES

represent sources of naturally derived ingredients in some Amway Home™ products.

CLEAN FASTER!

You'll spend less time cleaning overall when you stick to a regular schedule. For example, tackle kitchens on Monday, bathrooms on Tuesday, hallways and entryways on Wednesday, bedrooms on Thursday and laundry rooms on Friday.

CONCENTRATED FORMULAS

in our surface cleaners **SAVE YOU MONEY AND ARE BETTER FOR THE EARTH,** resulting in less packaging waste.

Just like our first surface cleaner created over 60 years ago, today's Amway Home™ products are

BETTER. NATURALLY.

WHICH SURFACE CLEANER?

Each cleaner is specially formulated to effectively remove dirt and impurities on specific surfaces. They're the first step in your cleaning routine before disinfecting.

CLEANS SHINY SURFACES, TV SCREENS, MIRRORS

Amway Home™ Glass Cleaner

Effectively and safely cleans virtually all glass surfaces, leaving behind a brilliant shine without streaks and marks.

CLEANS COOKTOPS, APPLIANCES, COUNTERTOPS

Amway Home™ Kitchen Cleaner

Highly concentrated, cuts grease, leaving behind a streak-free shine without harmful fumes or residue.

CLEANS TUBS, TILES, SHOWER DOORS

Amway Home™ Bathroom Cleaner

Dissolves soap scum and removes hard water spots and film without scrubbing.

CLEANS ANY WASHABLE ITEMS, HOUSEHOLD SURFACES, EVEN HANDS

Amway Home™ L.O.C.™ Multi-Purpose Cleaner

With over 1,001 safe and effective cleaning uses, this is our most versatile home cleaner.

KILLS GERMS ON MOST SURFACES

Pursue™ Concentrated Cleaner

Safely cleans and disinfects a variety of surfaces to keep your home happy and clean.

Use less, clean more.

The power to tackle everyday and heavy-duty cleaning is all in the mix.

DILUTION RATIOS MADE EASY.

Just mix these concentrated cleaners with water to create long-lasting cleaning power that's amazingly effective.

For everyday cleaning:

Fill spray bottle with 1 part concentrate and 3 parts water.

For heavy-duty cleaning:

Fill spray bottle with 1 part concentrate and 1 part water.

Amway Home™ Kitchen Cleaner

Containing naturally derived ingredients in a powerful, biodegradable formula, this high-performance kitchen cleaner cuts through tough grease and grime on cooktops, appliances and kitchen countertops.

Concentrated Liquid Refill
112536 1 L/33.8 fl. oz.
\$15.25

SLAY LAUNDRY DAY

SORT

Familiarize yourself with fabric care labels, then sort by color shades, fabric weights, fabric type and amount of dirt.

PRE-TREAT

Pre-treat any heavily stained or soiled items. This helps loosen up stains, making them easier to wash out.

WASH

Use the warmest appropriate water setting for items and a detergent with safe, effective ingredients.

DRY

Consider how to dry your clothes. Follow care labels and tumble dry items or hang them to air dry inside or outside in the sun.

FOLD

Fold and store clothes and you're done.

Get superb cleaning power in the laundry detergent format of your choice.

or

LIQUID DETERGENT

- Versatile enough to care for all types of fabrics in all temperatures.
- Best for colors, regular laundry and sportswear.
- Naturally derived enzymes and natural water softeners deliver superb cleaning performance.

POWDER DETERGENT

- Tackles laundry stains on all types of fabrics in all temperatures.
- Best for whites and heavy-duty items like towels and sheets.
- Oxidizing cleaning power makes it great for soaking heavily soiled items with just hot water.

Amway Home™ SA8™ Liquid Laundry Detergent

Triple-concentrated to power out stains and leave fabrics soft and clean, naturally. Brightens whites and colors, and prevents darks from fading.

A young child with dark hair, wearing a white shirt, is focused on preparing green leafy vegetables. A woman with long dark hair is smiling and looking down at the child, her hands are visible as she assists with the food preparation. The background is a blurred kitchen setting.

Healthier
meals & easier
cleanups.

Healthier living calls for healthier meals. Made for the way you cook today, the unique design and technology behind iCook™ Cookware make it easier to prepare tastier, better-for-you meals.

iCook™

NSF International is an independent, product-testing organization committed to public health safety and environmental protection for over 50 years.*

*Applies to iCook™ Cookware only.

Up your cooking game.

Stock your kitchen with iCook™ Cookware to cook meals that support your family's quest for optimal health and nutrition.

Heat-resistant handles are
**ERGONOMICALLY
DESIGNED**
for a comfortable, easy grip.

Cooks evenly at
high temperatures
UP TO 400 DEGREES F.

COOK LOW-FAT MEALS ANYTIME.

Lock in foods' nutrients, flavor and color

Vitalock™ technology locks in over one-third more essential nutrients – along with food's natural flavor and color – with no need for added fat or extra water.

Cook evenly on any surface

Optitemp™ fully encapsulated aluminum slab bottoms have excellent heat distribution and retention, saving energy and cooking times.

Fry foods without adding oil or butter

Duramic™ nonstick coating is the world's toughest nonstick coating. Releases food easily and it's easy to clean.

STAINLESS STEEL OR NONSTICK COOKWARE – OR BOTH?

That depends on what you're cooking. Just know that most cooks will need both types of cookware in their collection.

or

STAINLESS STEEL

- Use for sautéing, browning, deep-frying or boiling practically anything.
- Durable stainless steel won't chip, crack, stain or rust.
- Acidic foods and cooking sprays are welcome.
- Use of metal utensils is acceptable.
- Can be harder to clean, may require soaking.

NONSTICK

- Use for delicate foods like eggs, crepes, pancakes and very delicate fish that can be cooked on medium and low heat.
- Using nonstick pans saves time and energy.
- Avoid nonstick cooking sprays that can leave a residue and be hard to remove.
- Use wood, silicone or rubber utensils.
- Easy to clean.
- Coating suffers from acidic foods like tomato sauces or wine.

Let's clear the air.

Atmosphere™ Air Treatment Systems remove 99.99% of contaminants from the air passing through the unit* so we can do just that. They also reduce annoying odors from cooking, pets, mildew and more – helping you make your room air cleaner and safer.

ATMOSPHERE ::| MINI™

ATMOSPHERE ::| SKY™

CLICK & EXPLORE

More about Atmosphere Sky™ advanced air filtration.

*The Atmosphere Sky™ Air Treatment System is a room air filtration unit designed for use in rooms up to 465 sq. ft. in size. It is not designed to filter the air throughout an entire home. Particulate removal performance is based on testing conducted in controlled environments.

Protect every breath.

Advanced filtration removes threats you can't see. Atmosphere™ units filter contaminants as small as 0.0024 microns from the air passing through the unit.

Indoor air can be up to

5x

more polluted than outside air* – trust Atmosphere Sky™ and Atmosphere Mini™ Air Treatment Systems to keep your room air clean.

30–40%

of Americans have allergies, and 15% are allergic to the pets in their homes.

THE ATMOSPHERE™ AIR TREATMENT SYSTEM:

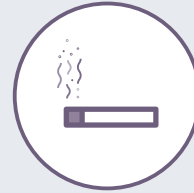

DUST

DANDER

ODORS

SMOKE

- Effectively removes over 300 airborne contaminants from air passing through the unit.†

- Has 99.99% filtration – that's better than standard HEPA.**

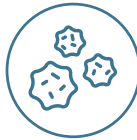

THREE IS BETTER THAN ONE.

Both of our Atmosphere™ units use three-stage filtration systems to effectively target contaminants and eliminate them from the air passing through the unit.

1. Pre-Filter

Captures large, airborne fibers and hair.

2. Advanced HEPA Filter

Removes small particles such as allergens, bacteria, mold, viruses, fungi and asbestos.

3. Carbon Filter

Reduces formaldehyde, dioxin and ozone, as well as odors from smoking, cooking and pets.

EXCEEDS THE STANDARDS

HEPA standards** only require that filters block contaminants as small as 0.3 microns. Atmosphere™ units filter contaminants as small as 0.0024 microns.

That's the difference between a green pea and a dinner plate.

*The United States Environmental Protection Agency (EPA) states that indoor air can be up to five times more polluted than outside air, July 2018.

†The Atmosphere Sky™ Air Treatment System is a room air filtration unit designed for use in rooms up to 465 sq. ft. in size and the Atmosphere Mini™ effectively treats the air in rooms up to 200 sq. ft. in size. They are not designed to filter the air throughout an entire home. Particulate removal performance is based on testing conducted in controlled environments.

**HEPA standards are 99.7%.

Fresh air at your fingertips.

Manage, monitor and track your room air quality wherever you are right from your phone.*

WHICH ATMOSPHERE™ SYSTEM IS RIGHT FOR YOU?

Compare the filtering system, coverage area, portability and more to match your needs. You may find that you need both.

ATMOSPHERE MINI™

- Cleans 200-sq.-ft. areas
- Contains a 3-stage, all-in-one filter:
Pre-filter, advanced HEPA**, Carbon
- Can set up to 3 speeds
- Change the all-in-one filter every 6–10 months†
- Consumes energy of 2–38 watts
- Lightweight – moves with ease

ATMOSPHERE SKY™

- Cleans 465-sq.-ft. areas
- Contains 3 separate filters:
Pre-filter, advanced HEPA**, Carbon
- Can set up to 5 speeds
- Pre-filter is removable for cleaning as needed:
Advanced HEPA: 1–3 years‡
Carbon: 4 months–1 year‡
- Consumes energy of 2–50 watts

‡Average filter life. Actual filter life depends on usage and air quality.

**HEPA = High Efficiency Particulate Air. Filter life depends on contaminant level in the room. Most will last one to three years depending on use, unit speed and room conditions.

Give your wallet a breather.
